To Whom It May Concern:

Steve Diamond and his team, Diamond Disc Dogs, participated in Paws in Motion 2007, a fundraising event for the Winnipeg Humane Society. Steve's dogs were highly trained, and very obviously loved. They entertained the crowd and received numerous rounds of applause.

Steve came to the event prepared; he brought his own audio system to make sure his team could perform to its best ability.

Although the surrounding noise at the event was distracting to some, Steve and his team were unfazed and delivered a great performance.

I recommend Diamond Disc Dogs for any event.

Sincerely

Jessica Hebert
